40027	STOCHASTIC PROCESSES I	II	P. Muliere	10	40027						X			X		

Note:

1. those students who wish to select the course code 40143 'Introduction to real analysis II' are strongly suggested to choose it in combination with the course code 40032 'Introduction to real analysis I'
2. course codes 40220 and 40261 will not be activated for the 2013/2014 academic year so please not consider them in the HLC program.
3. course code 40010 Bayesian non- parametrics will be taught in the first semester (not in the second semester as previously communicated)
