

Template for drafting a thesis project

Surname Name*	
ID number*	
Master of Science*	
Tentative title*	
Expected Supervisors (optional)	
Keywords (three chosen among the Department's subject areas)	
Type*	<input type="checkbox"/> Thesis <input type="checkbox"/> Research thesis
Student's e-mail*	
(Expected) Graduation session	
Brief content description*	<i>What is the issue/topic/problem X that I want to investigate? (3-5 lines) Why is it important? (3-5 lines) Why is it interesting? (3-5 lines)</i>
Research question(s)*	<i>What particular research questions about X do I want to answer? (max three questions, and add if possible hypotheses that can be tested in the thesis and provide answers)</i>
Table of contents (main chapters of the thesis)*	<i>What we know about X (literature review) What we do NOT know about X (research question) What are the main contributions/implications (for theory and practice) that I expect could emerge from my thesis? Why do I believe they are important and interesting?</i>
Research methodology*	<i>How do I want to discover what we do NOT know yet about X – in terms of proposed reasoning and methods? Indicate if possible case studies or empirical data that you may analyze.</i>
